DENTAL LIBRARY
TORONTO

Introduction

WE TAKE pleasure in presenting our **New 1923 Edition Price List** to the attention of the dental profession, feeling confident that a careful examination of our prices, together with the well-known quality of work done in our laboratory, will secure your patronage.

All work constructed in this laboratory is made up by experts of many years' experience, who are familiar with conditions met with in the mouth, as well as the mechanical requirements of cases.

All material used in our laboratory is of the highest standard quality, and all work constructed is examined thoroughly from start to finish, and no details are overlooked.

M. SUTIN & CO.

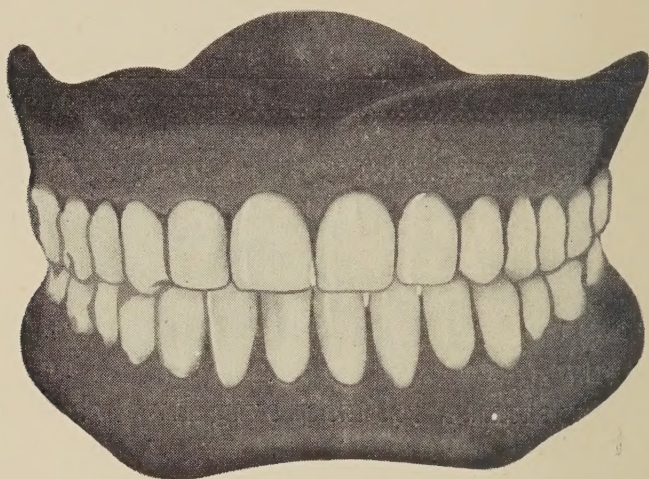

PLATE WORK

Our success and your satisfaction with this class of work depends entirely on the accuracy of the impressions, bite, high and low lines. Always mark centre and length on the wax and indicate if air chamber or lines are desired. Dark red rubber will be used unless other instructions are sent.

Price List

Full set upper or lower (labor)	\$2.75
Full set upper or lower K.O. gold pin....	4.50
Full set upper or lower K.O. metal pin..	3.50
Full set upper or lower Trubyte	5.00
Full set upper or lower K.O., plain mould	4.00
Full set upper or lower, Solila	4.25
Part sets, 1 to 3 teeth (labor)	2.00
Part sets, 4 to 7 teeth (labor)	2.50
Part sets, 7 teeth or over (labor)	2.75
Teeth, per tooth	.15
Full or partial cases ready for flasking	2.00
Finishing and polishing	1.25
Gold clasps on vulcanite	75c up
Repairs	75c up
Hand carved gums	1.00
Patent suction of any kind at retail prices.	

CROWN WORK

We have earned a reputation for crown work that is second to none. Our crowns are made of two-piece twenty-two karat gold, thirty gauge, and are always heavier at the cusp than at the band, made so by our special method. An accurate wire measure of the neck of the tooth, a model and bite is necessary for a perfect fit. We flow solder in all cusps unless otherwise instructed.

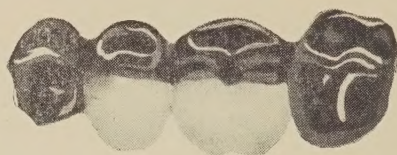

The perfection of contour, high polish and artistic finish of our crowns single them out from the work of any other laboratory.

Take a good plaster impression, wax bite and wire measure of neck of tooth. State whether you want crowns tight or loose fitting.

Price List

Two-Piece Crowns

Incisors and Cuspids	\$1.50
Bicuspid	1.75
Molars	2.00
Carved cusps on band sets	1.00
Extra heavy solder in cusp	.25

BRIDGE WORK

To insure accuracy in bridge work it is necessary (after having made the crowns) to obtain a first-class impression and bite with them in position in the mouth. When no instructions are given with orders concerning tipping of teeth, we tip them heavily so as to avoid any possible breakage. All bridge work is guaranteed free from checked teeth or anything that may weaken or de-face the bridge. Always state whether you desire facings without gold showing, tipped, heavily tipped, porcelain facings with gold cups or solid gold teeth.

Plain Facings Price List

Incisors or Cuspids, tipped	\$1.75
Bicuspid, tipped	2.00
Molars, tipped	2.25
Incisors or Cuspids, gold	2.50
Bicuspid, gold	3.00
Molars, gold	3.50
Soldered teeth on gold plates, extra....	.50

Steele Interchangeable Teeth

Incisors or Cuspids, alloy backing	\$2.00
Bicuspid, alloy backing	2.50
Molars, alloy backing	2.75
Bicuspid Posterior, alloy backing	3.00
Molars Posterior, alloy backing	3.25
Soldering teeth on plates, extra	.50
Gold backing, extra	.25

RICHMOND CROWNS

For Richmond Crowns always give wire measurement of neck of tooth; if we are to make a band and pin, we would prefer that you fit the bands and pins in the mouth before sending them to us to add the facings.

Price List

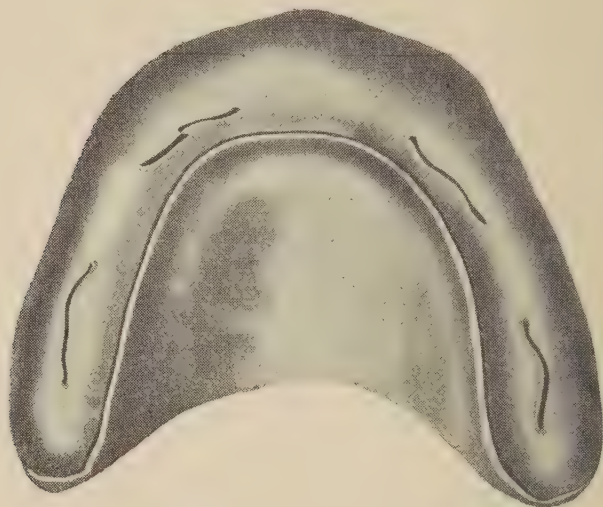

Incisors and Cuspids, complete	\$3.00
Incisors and Cuspids, band and pin sent	2.00
Bicuspids, complete	3.50
Bicuspids, band and pin sent	2.75

Steele Interchangeable

Incisors and Cuspids, complete	3.25
Incisors and Cuspids, band and pin sent	2.50
Bicuspids, complete	3.75
Bicuspids, band and pin sent	3.00

Ash Tubes

Bicuspids, complete	3.25
Bicuspids, band and pin sent	2.50

DENTURLITE PLATES

Take a good plaster or com-plaster impression and wax bite. Mark medium, high, low and lip line. Where we receive a good plaster impression and base plate bite we guarantee perfect fit and articulation.

Be sure and send sample tooth or give name and number of shade bar.

Full upper casts	\$5.00
Partial casts	5.00
Partial lingual and palatal bars	6.00
Saddles, 1 to 3 teeth	3.00
3 teeth or over	6.00

Plates made of the right material are ideal.
 Cast, full or partial \$5.00
 Rubber attachments same as rubber work.

An ideal metal to take the place of gold. It has the strength of steel, and when made properly will give perfect satisfaction.

GOLD PLATES

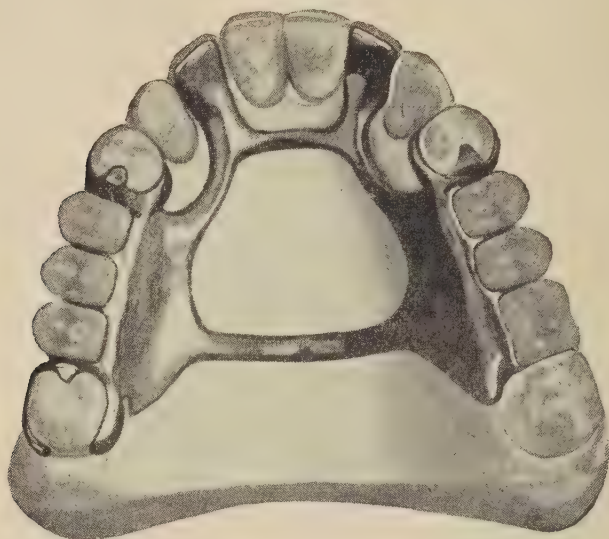

In order to get the very best results with this class of work outline your impression plainly with pencil so as to indicate just what you wish as to size and depth of plate.

Cast Gold Plates

Cast full denture (labor)	\$8.00
Partial cast (with rubber att.)	8.00
Partial bar casts with att.	10.00

Gold, at \$1.35 per dwt.

Send impression, not the model. We prefer to pour our own models in investment compound, as all our castings are cast directly, giving accurate results. Mark, outline of plate, also state if air chamber is required.

SPECIAL CASTINGS

1 to 3 teeth	\$4.00
3 to 5 teeth	5.00
6 teeth or over	8.00

The combination of the Ash Tube or Steele Posterior teeth, with clasps, can be used, or any other attachment.

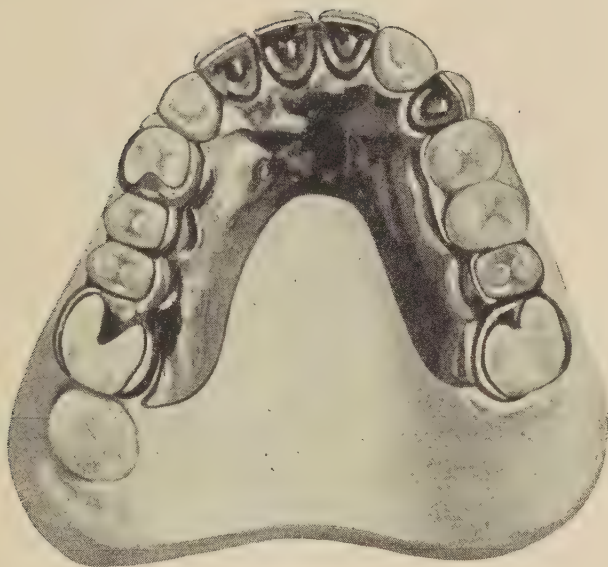

CAST CLASPS

Cast clasps, Molars	\$3.00
Bicuspid	2.75
Incisors	2.75

For extra heavy clasp we make a charge of \$1.25 for labor and the weight of metal at \$1.76 per dwt.

We do not remove our clasps and cast; we wax up teeth and cast over models, therefore assuring perfect fit. Any special metal requested will be used.

CAST ONE-PIECE DENTURES

1 to 3 teeth (labor)	\$8.00
3 to 6 teeth (labor)	11.00
7 teeth or over (labor)	15.00

Gold at \$1.35 dwt. and cost of teeth and backings.

In this kind of work impression must be accurate. Com-plaster impressions preferred. Mark, outline, the size of plate required and if clasps are desired.

LINGUAL AND PALATAL BARS

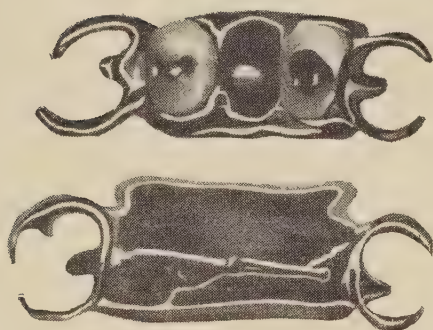

In order to get the very best result with this class of work outline your impression plainly with pencil so as to indicate just what you wish.

Partial Lower

3 to 6 teeth, with clasp complete	\$9.00
7 teeth or over, with clasp complete.....	9.50
3 to 6 teeth, with Roach attachment....	12.50
7 teeth or over, with Roach attachment	13.00

Partial Upper

3 to 6 teeth, with clasp	8.50
7 teeth or over, with clasp	9.00
3 to 6 teeth, with Roach att.	9.00
7 teeth or over, with Roach attachment	9.50
Fitting of bar (labor)	1.00 up
Clasps swaged (labor)	1.00 up

SADDLE WORK

Saddles, 1 to 3 teeth	\$4.00
Saddles, 3 to 5 teeth	5.00
Saddles, 1 to 3, rubber attachment.....	4.00
Saddles, 3 to 5, rubber attachment.....	5.00
Saddles, 1 to 3, cast in one piece	5.00
Saddles, 3 to 5, cast in one piece	6.00
Saddles, 1 to 3, including clasps	6.00
Saddles, 3 to 5, including clasps	7.00

Gold at \$1.35 per dwt., and where teeth are furnished we add \$1.00 per tooth, or 15c per tooth on rubber work.

Take good plaster impression and bite, if necessary. State what kind of teeth preferred, and if one-piece or assembled case is required.

NOTE

We give special attention to mail orders and execute same with accuracy and dispatch. All work finished on same day we receive order.

To insure correct and prompt filling of orders, it is important to send detailed instructions, impression and bite, etc., under separate cover.

Remit by Post Office or Express Money Order.

Be sure to put your name and address on all packages sent us.

Addressed labels and instruction pads sent on request.

All work called for and delivered in the city.

A telephone message will bring one of our messengers within a short time.

Our motto is "promptness, honest and perfect workmanship."
